Dear FCC Commissioners:

I am the Town Manager for the Town of North Manchester, Indiana, and also represent the Town Council for the Town of North Manchester. Our community and residents are served by Mediacom Communication Corporation. I would like to officially register my opposition to any FCC action that would fully or partially eliminate the rules that currently limit a single corporation from dominating local TV markets; from merging a community TV stations, radio stations, and newspaper; from merging two of the major TV networks; and from controlling more than 35% of all TV households in the nation.

Furthermore, please record my whole-hearted endorsement of Mediacom Communications Corporation's comments responding to these ownership issues as indicated in their filing of February 3, 2003.

Sincerely'

Daniel A. Hannaford

REC-10000-001

Dear Mr. Commissioner,

My name is Bill Norred. I am very concerned about the continued consolidation of our media. Our media is one of the most important things as Americans we have, the open sharing of diverse ideas and information. Consolidation works this process in reverse, it limits the amount of diversity.

Please do every thing possible to stop this continuing problem.

Respectfully,
